Usec/OIC Rowena Cristina Guevara
DOST - Science and Technology Services

Dear Usec/OIC Guevara,

We appreciate that Ms. Atienza took a phone call from us this morning.

This is about the letter sent to us by EmTech Asia dated August 14, 2016 in which they are calling for nominations for young researchers, entrepreneurs, and inventors who are under 35 years of age. (Please see attached copy of the letter and flyer)

Emtech Asia is an annual event being held in Singapore to recognize inventions and researches from different countries. Attendees are normally from the fields of science and technology. Angel investors and start ups also attend this.
